

# Airscape ft Jes, My Love

Every night I wait  
For you there  
And like a shining sun  
From my past  
Every day  
Every night gone by  
I'm lost in faith  
Oh how true it is  
And every night I take  
My chances  
To see how far I've come  
Till it crashes  
And all my dreams  
And every night gone by  
I'm lost in faith  
Oh how true it is  
My love  
(My love)  
Will never be the same  
I fall down  
I'm Falling  
My love  
(My love)  
Will never be broken  
I fall down  
I'm Falling  
My love  
(My love)  
Will never be the same  
I fall down  
I'm falling  
My love  
(My love)  
Will never be broken  
I fall down  
I'm Falling  
Every night I try  
To fight it  
I'm frozen in the wake  
Of your stare  
And if all of us stay  
I'd turn the lights down now  
It isn't love  
It's so hard to [hold?]  
My love  
(My love)  
Will never be the same  
I fall down  
I'm Falling  
My love  
(My love)  
Will never be broken  
I fall down  
I'm Falling
