

Airship, Kids

Remember what we all got
We can do all
The laugh is such a dream
When we had it all

Chorus:

Kids stay out tonight
We had it all, we got it all.
Kids stay out tonight
We had it all, we got it all.

Remember who your best friend was
Where are they now?

When you was so young
What did you think about?

Chorus x2:

Kids stay out tonight
We had it all, we got it all.
Kids stay out tonight
We had it all, we got it all.
