

# Airship, Kids

Remember what we all got  
We can do all  
The laugh is such a dream  
When we had it all

Chorus:

Kids stay out tonight  
We had it all, we got it all.  
Kids stay out tonight  
We had it all, we got it all.

Remember who your best friend was  
Where are they now?

When you was so young  
What did you think about?

Chorus x2:

Kids stay out tonight  
We had it all, we got it all.  
Kids stay out tonight  
We had it all, we got it all.
