

# Ak'Sent, This One

Hold up, aksent roll up  
Big car, big money, no what  
We in the truck with the windows all smoked up  
Got 38s spinning on ma tour bus  
Bad mamis with the letter..  
Shorty with her own thing, no rollies  
So grown up you love ma style  
Trust lil mama, I'm bout to be a pharrell  
I'm in a spot with the speakers pumpin  
Clown dancin, got the dance floor jumpin  
Drinks passin, see the chicks are bumpin  
Homie like mama can I tell you somethin  
NOPE, naw already got a guy  
Not lookin for another already got mine  
(but I got alot of money) okay so do I  
And I'm not a gold digger, homie please nice try

[CHORUS]

This party is packed, its jumpin  
You ain't hangin with us, you frontin  
Make a track where you kiss nothin  
Got up off the wall, y'all do something

I'ma make y'all move to this one  
I'ma make y'all grove to this one  
I bet y'all sweat to this one  
Bounce rock shake to this one

I guess y'all really don't know me  
...in ma jacob and ma roly  
Cats on the phone like work it shorty  
I'm not feelin you, I'm feelin your homie  
Aksent roll deep, neva lonely  
You know the label, capital homie  
If you don't know then ask somebody  
Ma glasses ain't cheap they...  
I'm the spot now we locked in, boxed in  
The party right here  
Work it mama, do here  
Gotta score like usher screamin YEAH YEAH  
Yeah go do it right there  
Stay with rythum, grove right here  
Make everybody move to the rear  
Shake your body, don't stop over here

[CHORUS]

Eh shorty just roll with the she  
Lets make this move, no games for me  
You'll see me before you wanna be  
With aksent, thats me UGH  
And you'll neva find another chick with a nicer spit  
And you'll neva find a chick so ill with looks to kill, for real  
And that why its so cold  
Quitting other cats they left in the road  
Me clam you, com'on boo thats old  
Just picture us together over the centerfold  
Naw, too young for all of that  
I'm just trying to get it crackilatin like that  
Hit a couple jump offs, and listen like that  
Cuz when we in the zone, ain't no coming back, CHIEF

[CHORUS]
