

Akins Rhett, That Ain't My Truck

Akins Rhett

Miscellaneous

That Ain't My Truck

She's been goin' out with him

She's been goin' out with me

Said she'd let us know by tonight

Which one it would be

So I waited by the phone

But she never called me up

Had to know what was goin' on

So I drove by her house

And sure enough...

Chorus:

That ain't my truck in her drive

Man, this ain't my day tonight

Looks like she's in love and I'm outta luck

That ain't my shadow on her wall

Lord, this don't look good at all

That's my girl; my whole world

But that ain't my truck

I pulled over by the curb

I've been sittin' here all night

Wondrin' what it was I did so wrong

That he did so right

I thought of breakin' down the door

But there's nothin' left to say

That Chevy 4x4 says it all

Sittin' in my place

Chorus

That ain't my shadow on her wall

Lord, this don't look good at all

That's my girl; my whole world

But that ain't my truck

That's my girl; my whole world

But that ain't my truck

That's my girl; my whole world

But that ain't my truck

That's my girl; my whole world

But that ain't my truck

That's my girl; my whole world

That's my girl; my whole world
But that ain't my truck

That's my girl; my whole world
But that ain't my truck
