

Akira, Eternal

Calling mihate nu yoru no toiki no omosa
Setsunasani kokoro ga uzuite
Mou nanimo mienakunaru
Hanasenai
hanarenai
Tatta hitotsu no shinjitsu dake ga
Aa, kuchiburi wo atsuku suru
Calling, the heavyness of the sighs on the endless nights
I am in pain from missing you
I can no longer see anything
don't let me go
don't leave me
Only you I believe in
Aa, to warm my lips
Calling in the night
Mune no kodo wo kande
Night after Night
Ai ga naiteru
Calling in the night
My emotions make my heart pound
Night after Night
love is crying out
Silent kotoba ni sureba kieteiku yume
Kamishimeru omoi no nigasai
Moo nanimo kikoenu naru
I can hear silent words in my dreams
Shut out the bitter memories
I can no longer see anything
Ienai ieyashinai
Ochiteiku yoru no atsusa dake ga
Aa, tada hitotsu no mirage
Don't tell me, don't say anything at all
Falling into the heat of the night
Aa, It's all just a mirage
Silent all the night
Itsuka mita yume no hate
Omoi wa toiki wo kande
Towa no kanata e
Silent all the night
Someday I'll see that remote dream
My feeling for you bares sighs
To a faraway place
