

# Akon ft. Ray L, Fallin Love

aahhh aahhahAH ahh..4X

So soft and slow

Never knew a girl could be so god damn kewl,  
I know, the way she move got me spendin my dough  
And yo, If you would've seen what i seen on that pole  
Just know,

That i was wrong for fallin in love

I was wrong for fallin in love

[They always say don't love a ho]

I was wrong for fallin in love

[Don't do it yo']

I was wrong for fallin in love

[They always say don't love a ho]

But i just went against the grain

It was a feelin i can't explain

And it felt like harmony

Singin in my face like

diddy-duhdee doo-dah-day

I don't want it to ever go away

I want it around me every day

Singin in my face like

diddy-duhdee doo-dah-day

Look at me, I'm stuck

That bubble in my pants got me caught up

I never, had no luck

Thinkin with the wrong head got me jumpin out there  
with no glove

It feels so good had me sprung out all messed up

Now i'm stuck

That's what i get for fallin in love

That's what i get for fallin in love

[They always say don't love a ho]

That's what i get for fallin in love

[Don't do it yo']

That's what i get for fallin in love

[They always say don't love a ho]

But i just went against the grain

It was a feelin i can't explain

And it felt like harmony

Singin in my face like

diddy-duhdee doo-dah-day

I don't want it to ever go away

I want it around me every day

Singin in my face like

diddy-duhdee doo-dah-day

So thick, so raw

That oil all over her body stole my heart

I'm caught,

The way she drop down won't allow me to close my drawers

Cause i'm, already in love and i knew better from the start

Oh No,

I was wrong for fallin in love

I was wrong for fallin in love

[They always say don't love a ho]

I was wrong for fallin in love

[Don't do it yo']

I was wrong for fallin in love

[They always say don't love a ho]

But i just went against the grain

It was a feelin i can't explain

And it felt like harmony

Singin in my face like

diddy-duhdee doo-dah-day

I don't want it to ever go away

I want it around me every day  
Singin in my face like  
diddy-duhdee doo-dah-day  
aahhh aahhahAH ahh... . . . .
