

# AKX, LONG WEEK

Long Week Long Dick I'm weak and she's having a good time  
My face to waste three days and  
she is dancing  
You want this time for your dream  
So please, stop being mean  
Long Week Long Dick I'm weak and she's having a good time  
My face to waste three days and  
It's sounds like a little routine  
talking to a voice machine  
Give me a little sign  
give me a little sign  
give me a little sign  
you fucking monster  
All my mojo is gone  
Soon or later I won't be alone
