

# Al Bowlly, There's Something In The Air

There's something in the air  
That wants me to beware tonight  
There's something in the air  
There's music in the breeze  
I never saw the stars so bright  
There's something in the air  
Though I find there's danger in your eyes  
That's real as you, I've been blind  
But now I realize what love can do  
I feel it everywhere  
So whisper you'll be mine tonight  
There's something in the air
