

# Al Green, Right Now, Right Now

Right now, right now  
Right now, right now  
Right now, right now  
Right now, right now  
Right now, right now  
Right now, right now  
On Monday I had a brand new walk  
Yes, I did, yes, I did, yeah  
On Tuesday I had a brand new talk  
You know I did, baby  
But listen, on Wednesday  
I was in love with a different girl, yes  
On Thursday found myself in a different world, yes, I did  
She would run in in my feet  
She would clap in in my hands, oh yeah  
Started walking, yeah, yeah, yeah, she started talking  
Baby, you don't know what she's done to me, said maybe  
Right now, right now  
Right now, right now  
Right now, right now  
Right now, right now  
Right now, right now  
Right now, right now  
Well, look ahead  
On Friday said  
I won't gonna do nobody, no, no, no  
But on Saturday  
I couldn't keep it to myself  
She would run in in my feet  
She would clap in in my hands  
She started walking, darling  
Started talking yeah, yeah, yeah  
She wanna do love, make it good y'all  
In my heart, yes, she did  
I'm talking about satisfaction in my mind  
Satisfaction
