

Al Green, School Days

School days
How I wish for school days
How we used to run and play, oh baby
Now those days are gone
But we keep on going on
Wondering where they're gone
School days
I remember my love
Man, good times were easy all the time
How she really blew my mind
Oh, won't you come back to me
Oh darling, can't you see
I need you here with me always
Oh baby, let me say that it's
Easy together
Loving you whether
Whether you're near or far, oh
Now that we are
We might as well have some fun
Now that you know
Where I'm comin' from
Oh, my life is just your, your
anything
Oh just come back to me
I need you desperately
Honey, won't you stay with me always
Oh, I, I want to, I want to remind her
School days, oh
I want to remind
