

# Al Green, Wild About You

There's always talk about love  
What do you know?  
I never talk about love  
I just like to show  
If there's something wrong  
You can tell me, I need to see, oh yeah  
I talk my talk and I walk my walk  
And just you and me  
No doubt, hey, hey  
I'm wild about you baby  
I'm wild  
I'm wild about you baby  
There ain't no doubt, oh Lord  
There's always talk about things I  
I cannot change, oh Lord  
There's always moves about things I  
I can't rearrange  
I'm wild about you baby  
You don't know how I feel  
Hey, baby  
I'm wild about you baby

You're down in my heart  
You're down in my mind  
You're down in my soul, yeah  
Soul, yeah, I love you so much  
I wanna take you in my arms and  
Take you in my arms and  
Take you in my arms and I, I  
Moping down about some things I  
I can't remake, oh yeah  
I'm standing on the one I can depend on  
And there can be no games  
I'm wild, ability  
I'm wild about you baby, yes sir  
I'm wild about  
I'm wild about you baby  
I'm wild, I'm wild  
I'm wild about you baby  
Good God see why  
I'm wild about you baby  
You don't know how I feel
