

Al Jarreau, Puddit (Put It Where You Want It)

Puddit it in your pocket
Puddit it in your shoe
Puddit it in your locket
In your kidney stew
Corner of your office
Floor boards of your car
BB King sure keeps 'em
In that blues guitar
No matter where you go
Whatever game you play
Never leave home without some
Put some in everyday
To keep it in your laughter
Twinkle in your eye
Up in all your rafters
Underneath your tie
Puddit in your chapel
Underneath the pew
All your kids in chapter
Skipin' back to school
No matter where you go
Whatever game you play
Don't you leave home without some
Puddit in everyday
When the people start to roar
We, come back for more
Puddit it in your pocket
Puddit it in your shoe
Puddit it in your locket
In your kidney stew
One more last suggestion
Teach 'em every move
When they pop the question
Tell 'em it's the groove
