

# Al Stewart, Feel Like

I feel as volatile as the weather  
Over fields of Scottish heather  
The night before Hallowe'en  
You know I feel like  
A catamaran in summer  
The beat of a reggae drummer  
The flag of a brigantine  
This is the day when  
All of my dreams came true  
This is the day when  
All of my life till now  
Seemed oh so blue  
You know I feel like  
A plate of the earth in motion  
A storm on the Indian Ocean  
A shake of a tambourine  
This is the day when  
All of my feelings changed  
This is the day when  
All of my life till now  
Seemed oh so strange  
You know I feel like  
A bird of a different feather  
A trail that runs forever  
Though a forest of evergreen
