

# Alabama 3, Converted

Shoot me with the real thing  
Shoot me, me moth, me motha'  
Now's the time for you  
To get right and repent  
I've been converted  
Sit right there and get educated  
Sit right there  
I've been converted  
Peace in the valley  
I've been converted  
Peace in the valley  
Sit right there and get educated  
Sit right there  
You gotta ask yourself this question  
Can a man who has fought in the jungles  
With I.V. Lenin against the running bell  
Kept the least of pigs?  
Sleepin' and huntin' so lonely  
That the rats would search back  
Be my redeemer, an' gotta say well maybe  
Yes, and maybe no, but I know  
That I gotta go somewhere  
And that somewhere might  
As well be church  
Now's the time for you to get right and repent  
I've been converted  
Forty days you been tried and tempted  
Forty nights you been out in the cold  
Every phone line conversation's intercepted  
You can't reconnect 'cause the frequency is closed  
So many winds, you been out of direction  
So many signs, you ain't got nowhere to go, yeah  
Cadillac has got its headlights disconnected  
You're rollin' your wheels down the wrong side of the road  
Can you see them now?  
Can you see them now?  
Can you see the sisters swinging, yeah?  
Can you hear them now?  
Can you hear them now?  
Now's the time for you to get right and repent  
Can you hear the brothers singing, yeah?  
Let's go back to church  
Let's go back to church  
So damn long since we sung this song  
Let's go back to church  
Let's go back to church  
Let's go back to church  
Any day now, anyway, anyhow  
Let's go back to church  
I've been converted  
'Cause see  
You drink the wine but it, it tastes like water  
And ya broke the bread but it, it turned into stone  
The Sacrament, it lays scattered on the pavement  
And the covenants you kept they'd all  
Been stolen under the soul

You can see them now  
Yeah, you can see them now  
You can see the sisters swinging, yeah  
I know it now  
Yeah, you can hear them now  
Yeah, you can hear them now  
Hear the brothers singing, yeah

Let's go back to church  
Let's go back to church  
It's been so damn long since we sung this song  
Let's go back to church  
Let's go back to church, yeah  
Let's go back to church  
Any day now, anyway, anyhow  
Let's go back to church  
Right back  
I've been converted  
I've been con  
Right back  
I've been converted  
I've been  
The Lord knows I  
The Lord knows I  
The Lord knows I  
I've been converted long time  
The Lord knows I  
Take your time  
The Lord knows I  
Back to you, oh Lord  
The Lord knows I, ohh  
I've been converted  
Yeah 'cause I'm talkin'  
With the street angels on this road  
I ain't goin' away, no way  
Church is where I'm goin' to stay every time  
I come to church I feel allow, alive, resuscitated  
Ain't no fear, I chase all them demons  
Away right here in church, yes sir  
Let's go back to church  
Let's go back to church  
I'm gonna lift up my soul to the sunshine  
Now, any how  
Let's go back to church  
Let's go back to church  
Let's go back to church  
Yeah, the lights in heaven  
Goin' to shine on this  
People get ready  
There's a train a comin'  
Let's go back to church  
Let's go back to church  
Now, any how, say it now  
Let's go back to church
