

Alabama, I Can't Hide My Heart

Alabama

When It All Goes South

I Can't Hide My Heart

(Randy Owen/Teddy Gentry/Ronnie Rogers/Greg Fowler)

When we're in a crowd, I'm sure you've noticed how

I love to look at you (you, you, you)

No, I can't deny, I get hypnotized

When I look at you (look at you, look at you)

Oh, it's the kind of thing, that I can't explain

No matter how I try

It's no mystery, the whole world can see

How I feel inside (feel inside)

(Oh, oh baby)

I can't hide my heart

It's been that way right from the start

These feelings I know

Can't help but show

And I can't hide my heart

When we're all alone, oh it's just as strong

When I look at you

Maybe even more, behind these doors

As I'm loving you (loving you)

(Oh, oh baby)

I can't hide my heart

It's been that way right from the start

These feelings I know

Can't help but show

And I can't hide my heart

Baby you never will be lonely, as long as I'm alive

You'll always be my one and only, for the rest of my life

Ooooh, ooooh

(Oh, oh baby)

I can't hide my heart

It's been that way right from the start

These feelings I know

Can't help but show

And I can't hide my heart

I can't hide my heart

It's been that way right from the start

I can't hide my heart (and I can't hide my heart)

It's been that way right from the start

I can't hide my heart

I can't hide my heart
