

Alabama, Richard Petty Fan

Before he ever made the headlines
Or won the Winston cup
He survived his share of crashes
But he never did give up
The tracks in Carolina
Where all the Petty's ran
What kept the motor's running
Way back then were you the fans
He won seven at Daytona
It was STP and forty-three
King Richard is a legend
And he's a hero to me
When he wins he waves his hand
to the folks up in the stand
He is dedicated
to all the nascar fans
Well I wish this year could last forever
But the race must go on
He'll hang up his helmet
But he never will be gone
I know he'll drive forever
In the heart of every fan
And he will be remembered
As the best that's ever been
