

Alabaster Box, I Am Alive

VERSE 1

Did I mention this to you
Its simple and it's true
I didn't think it'd take you so long to see
Come and meet my family
Won't you be a part of who we are
We all simply love Jesus

PRE-CHORUS

It is so hard to believe
Some day you will finally see

CHORUS

Cause I finally feel like I'm alive
With this love I've found
I know I will survive
And I finally feel like I'm alive
Cause I know its true I am alive

VERSE 2

Taking notes on who we are
There's no point, you won't get very far
We have found what we were looking for you see
I am not a super star
I am nothing when it comes to who we are
We all simply love Jesus
