

Alain Clark, Fell in love

Well I've been to many places I spent most of my days travelling round
I took a lot of chances I had romances all over town
It was almost my religion you don't fall in love you just kiss and say goodbye
I have left many missing me but to say I didn't care would be a lie

Chorus:

I fell in love every time

I fell in love weak heart of mine

Love has brought me trouble I had a lot of rubble on the way

One girl wants to play the part that the night before I blindly gave away

I really care about you babe I promise I won't ever let you down

Came along another girl a different love and the circle went around

Chorus x2:

I tried to be so careful with what I said

My heart was never helpful towards my head

Well I've been to many places I spent most of my days just getting high

I took a lot of chances I had many romances on the sly

Chorus x2:
