

Alamo Race Track, On The Beach

Watch the seamen
See the faces come out
You reach the ocean
Now the noise seems too loud

Is that a twister?
Yeah you're trying to shout
Yeah into the water
Just like all the men with their hands up high
All the men with their hands up high

Television isn't all that
This decision goes up for more

Television isn't all that
This decision goes up for more

Turn up their lights
Make the brides so weary
We could go save them
Or we could just dry in the simple sea

Television isn't all that
This decision goes up for more
(x2)

Television isn't all that
This decision goes up for more
(x3)
