Alan Parson Project, The
Turn Of A Friendly Card
Nothing Left To Lose
(lead vocal - eric woolfson)

Nothing's good the news is bad
The heat goes on and it drives you mad
Scornful thoughts that fly your way
You should turn away cause there's nothing more to say

You gave the best you had to give
You only had one life to live
You fought so hard you were a slave
After all you gave there was nothing left to save

You've got nothing left to lose (you've got nothing left to lose)
No you've got nothing left to lose (who'd wanna be standing in your shoes)

You read the book, you turn the page,
You change your life in a thousand ways,
The dawn of reason lights your eyes,
With the key you realize,
To the kingdom of the wise

Nothing ventured nothing gained
No more lingering doubt remained
Nothing sacred or profane
Everything to gain
Cause you've nothing left
