Lead vocal: kiki dee

Do you know who i am Do you know where you are Are you where you want to be

Do you see what you like Do you like what you see Do you think a need in you Can fulfill a need in me

You're on your own, you're on your own In a no man's land In a danger zone You're on your own, you're on your own And you cant turn back And you can't find your way home

Do you know who you are Do you know what you want Can you see me as i am

Do you think you're a lion And i'm a lamb That you came in here a boy And you're going out a man

You're on your own, you're on your own And there's no way out Of the danger zone You're on your own, you're on your own And your only friend Is a heart of stone

And now you are alone my friend And i must set you free And you must face the world outside And find your destiny

You're on your own, you're on your own In a no man's land In a danger zone You're on your own, you're on your own And your only friend has a heart of stone

You're on your own, you're on your own And there's no way out Of the danger zone You're on your own, you're on your own Just a lonely child And you can't find your way home
