

Alan Walker, Different world (feat. Sofia Carson, I

all we know
left untold
beaten by a broken dream
nothing like
what it used to be
(used to be)

we've been chasing our demons
down an empty road
been watching our castle
turning into dust
escaping our shadows
just to end up here
once more

and we both know

this is not the world we had in mind
but we got time

we are stuck
on answers we can't find
but we got time
and we even though we might
lost tonight
the skyline reminds us
of a different time

this is not the world we had in mind
but we got time

broken smile
tired eyes
i can feel your longing heart

call my name
howling from a far

we've been fighting our demons
just to stay at loat
been building our castle
just to watch it fall
been running forever
just to end up here
once more

and now we know

this is not the world we had in mind
but we got time

we are stuck
on answers we can't find
but we got time
and we even though we might
lost tonight
the skyline reminds us
of a different time

this is not the world we had in mind
but we got time

take me back
back to the mountain side

under the northern lights
chasing the stars

take me back
back to the mountain side
when we were full of life
back to the start

and we both know that

this is not the world we had in mind
but we got time

we are stuck
on answers we can't find
but we got time
and we even though we might
lost tonight
the skyline reminds us
of a different time

this is not the world we had in mind
but we got time
