

Alana Grace, Breaking

Try me
Break me and see right through
Im fragile and brutally true
You hold me and let me go
Leave me
And see how I stand alone
Im taking the path unknown
Im losing control
Its not the same
No one's to blame
Im waiting, shaking, faking, breaking, praying, hating
Every time I close my eyes
Im staring, glaring, tearing, wasting, aching, taking
Cuz my mind wont let me cry
Im waiting
I see you
In places youve never been
I try but I just can't win
You still follow me everywhere
Forgiveness
My weakness and only hope
This emptiness found it's home
I'll go on, I'll live
But I'm alone
I'm all alone
Im waiting, shaking, faking, breaking, praying, hating
Every time I close my eyes
Im staring, glaring, tearing, wasting, aching, taking
Cuz my mind wont let me cry
Im waiting
