Alanis Morissette:

I must be two lips

I must be your sleep

I must be blinded

Keep it a question

Keep it a question

Keep it a question

I must be spoiled

I must be behind

I must be asleep

I must be fearful

Keep it a question

Love ain't a secret

Keep it a question

Keep it a question

I must be two lips

I must be your sleep

I must plan to forget

I must be suffering

Keep it a question

Letting nothing on

Let's keep it a question

Keep it a question

Love ain't a secret

Keep it a question

Let it stop within
