Dear matthew I like you a lot I realize you're in a relationship with someone right now and I respect that I would like you to know that if you're ever single in the future  
And you want to come visit me in california I would be open to spending time with you  
And finding out how old you were when you wrote your first song  
Dear eric I liked you too much I used to be attracted to boys who would lie to me  
And think solely about themselves and you were plenty self-destructive for my taste at the time  
I used to say the more tragic the better the truth is whenever I think of the early 90's your face  
Comes up with a vengeance like it was yesterday  
Dear terry I love you muchly you've been nothing but open hearted and emotionally available  
And supportive and nurturing and consummately there for me I kept drawing you in  
And pushing you away I remember how beautiful it was to fall asleep on your couch  
And cry in front of you for the first time you were the best platform from which to jump  
Beyond myself what was wrong with me  
Dear marc you rocked my world you had a charismatic way about you with the women  
And you got me seriously thinking about spirituality and you wouldn't let me get away  
With kicking my own ass but I could never really feel relaxed and looked out for around  
You though and that stopped us from going any further than we did and it's kinda too bad  
Because we could've had much more fun  
Dear terrance you were an adventure besides being a few decades older than I was  
You used to write the most poetic loveletters and I still have them you were in  
And out of several marriages and you liked them young and naive so you could have  
The power and the dramas to feel fear I wonder what your wife thought of all of this  
Dear christian we learned so much I realize we won't be able to talk for some time  
And I understand that as I do you the long distance thing was the hardest and we did  
As well as we could we were together during a very tumultuous time in our lives I will always  
Have your back and be curious about you about your career about your whereabouts  
Dear taylor I missed you a lot there was a period of time when I was too mad to even bring up  
Your name and it killed me to hear you discount the time we spent together I knew all along  
That we had different tastes in moderations and we couldn't hang out forever and while it lasted  
It was hilarious
