Up For Murder (live Kbfh)

&quot;i'd like to sing this song called up for murder&quot;

Well take a look and listen to the things that i have said  
Well could i really tell the truth with a rifle at my head  
Yeah, i gunned down a president  
And i have done a crime  
But now you've got to listen 'cos i'm running out of time

It's not me that you're after it's not me that's gonna pay  
It's not me that is guilty  
It's a man at the c.i.a.

So i got put in jail because i got into a fight  
And while i was in prison i got beat up every night  
Torture it was blackmail i was messed up with cocaine  
And then they had me thinking that i knew just who to blame

But it's not me that you're after it's not me that's gonna pay  
It's not me that is guilty  
It's a man with the c.i.a.

It's not me that you're after it's not me that's gonna pay  
It's not me that is guilty  
It's a man with the c.i.a.

Hey hey hey

So there i stood before him a revolver in my hand  
With one shot for the torture and a bullet for the man  
So now i'm up for murder on a charge i can't deny  
Well there ain't no clues i'm bom to lose and no ones gonna ask me why

Will it's not me that you're after it's not me that's gonna pay  
It's not me that is guilty  
It's a man with the c.i.a.

It's not me that you're after it's not me that's gonna pay  
It's not me that is guilty  
It's a man with the c.i.a.

C.i.a.  
C.i.a.  
The c.i.a.

&quot;thank you, this is mike peters&quot;
