

Albert Collins, I Ain't Drunk

I'm Not Drunk (I'm Just Drinkin')

-- Albert Collins

Every day, baby

When the sun go down

I get with my friends

And I begin to clown

I don't care

What the people are thinkin'

I ain't drunk

I'm just drinkin'

(But you're so high) Oh man, you know I ain't high

(But you're so high) I just take a little bit every now and then

(But you're so high) Aw man you oughta be ...

(Stay drunk all the time) Aw c'mon, don't y'all be like that

Come home last night

All a lush

Baby get in a fuss

I say, "Honey, hush"

I don't care

What the people are thinkin'

I ain't drunk

I'm just drinkin'

(But you're so high) Aw, I ain't drunk, I done told y'all I ain't drunk

(But you're so high) I'm just havin' fun

(But you're so high) What?

(Stay drunk all the time) I don't know why y'all talkin 'bout me like that

You done the right thing

I wanna thank you too

Now let's have a little drink

Just me and you

I don't care

What the people are thinkin'

I ain't drunk

I'm just drinkin'

(But you're so high) Who me? I ain't high, man.

(But you're so high) I don't know why y'all are talkin' 'bout me like that

(But you're so high) You better mind your own business, brother

(Stay drunk all the time) You gotta watch yourself, too, you understand what I'm sayin'?

I wanna tip you baby

Before I go

I'll be back tomorrow night

And drink some more

I don't care

What the people are thinkin'

I ain't drunk

I'm just drinkin'

(But you're so high) Oh, no, you're the one who's drunk; look at your eyes, man

(But you're so high) Don't you pee on my leg, man...well, I ain't had but

(But you're so high) four...five...six...

(Stay drunk all the time) eight...nine...ten...
