

# Alcazar, Save My Pride

Save My Pride

(I save my pride)

I save my pride ( I save my pride)

I save my love ( to save my pride for love)

I save my pride, oooh!

I save my love, oooh!

In the night I cross the ocean

To save my pride for love

1.

Every since the day of graze when I was born

Even thru the nights of thought my heart was torn

I would always stand there right beside you

I save my pride for love!

Like when you face a broken heart to men

Like when you share a love you must defend

Let me be the one who's there to guide you

I save my pride for love!

Bridge:

Ooooh! Stand it up for good and for better

Ooooh! Join hands, we're in this together

Ooooh! Hold on tight, we travel forever

Across the universe

Ref:

I save my pride, oooh!

I save my love, oooh!

In the night I cross the ocean

To save my pride for love!

I save my pride, oooh!

I save my love, oooh!

In the night a deep devotion

I save my pride for love!

2.

When you're ready for the future, come what may

When you're ready for the life that starts today

Let me be the one who's there to guide you

I save my pride for love!

Bridge: repeat...
