

Alesha Dixon, Do You Know The Way It Feels

Have you felt the pain
Of a love so deep
Yo think your heart might break?
Has someone touched your soul
So deep inside
Did you feel your whole world stop
The moment that you looked into their eyes?
Oh, do you know what it's like?

Do you know the way it feels
When you love someone so bad
You can't think of nothing else
But the touch of their hand
And you wanna walk away
But no, you know you can't
Do you know the way it feels?

Have you had those nights when you can't sleep
'cos that picture of their face is all you see
You know you need that love
Like you need air
And you find it hard to breathe
Sometimes when you just never sleep, and then
Oh, you know it's just not fair

Do you know the way it feels
When you love someone so bad
You can't think of nothing else
But the touch of their hand
And you wanna walk away
But no, you know you can't
Do you know the way it feels?

Do you have a clue what I'm going through?
Do you know what it's like when you feel like you're just about to lose your mind, baby?

Do you know the way it feels
When you love someone so bad
You can't think of nothing else
But the touch of their hand
And you wanna walk away
But no, you know you can't

Do you know the way it feels
When you love someone so bad
You can't think of nothing else
But the touch of your hand
And when I wanna walk away
But no, you know I can't
Do you know the way it feels?
