

# Alesha Dixon, I Don't Wanna Mess Around

No, no, no, no  
The time I tried to wait you caught me in the spell I'm under  
I don't ever wanna shed no tears over yo-o-ou  
There's somethin' in your face, you look so fine  
I wanna let my (unknown) fears behind  
Trust you, hope that you will to-o-o  
Quietly alone  
I'm figurin' out  
What's a girl to do  
And now I don't wanna show you everything  
You got a lot to prove  
Quietly alone, I'm workin' out  
What's the deal with you  
I wanna carry on, baby you're the one that I, I'll put my trust in you (no, no, no, no)  
I Don't Wanna Mess Around, pretendin' I don't need you  
Just wanna be with you oh  
Baby I wanna please you (no, no, no)  
I Don't Wanna Mess Around, pretendin' that I Don't care
