OH LORI

Written by Billy Alessi & Bobby Alessi

I'd like to stay in love with you

All summer and after fall

I'll keep you warm through the winter

Because I've noticed one thing

This ain't no summer fling

I'd like to ride my bicycle with you

On the handlebars

You'd laugh and run away

And I'd chase you through the meadow

Without you I'd die

Let's never say good-bye

Oh, Lori

You bring the spring, the summer, fall

Ooo and winter

By the season

Oh, Lori (oh, Lori)

You make me feel as though I've been born again

Born again

You danced for me in your bare feet

That mellow afternoon

When we made love to each other

And I'm loving you

That's all I want to do

Oh, Lori

You bring the spring, the summer, fall

Ooo and winter

By the season

Oh, Lori (oh, Lori)

You make me feel as though I've been born again

Born again

(repeat)
