## Alessi, Still In Love

Hope this letter finds its way to you Ive written several times But never followed through Yesterday seems so unconfused Did we ever find ourselves Is it really what we choose Exciting places and pretty faces come and go Just one thing, girl, there's something I just have to let you know I just had to let you know Chorus: Darling, you are the best Yes. youre a blessing to the man that shares The world around you Now Im a fool, No my heart just wont deny it Girl, Im still in love with you Gentle nights just seem to waste away I remember every word, All the things we used to say Broken dreams bring unspoken words We just slipped away I hope you dont mind that I say Hope you dont mind that I say (Chorus)
