

# Alex Band, All For You

Lightning struck electric love  
Knock me off my feet I'm drunk  
Never knew that it could feel this good  
'Till I found you  
A key to fit this rusted lock  
You started up my heart that stopped  
Now every single thing I do  
I do it all for you  
All for You...  
All for you...  
Long before the sand of time  
I was yours and you were mine  
Every star was made to shine  
Shine all for you  
Day by day my love it grows  
A twisted thorn upon your rose  
One among the many who thinks they're  
The one you chose  
I wish it was like on tv  
I manipulate reality  
Well, then maybe you'll finally see  
I do it all for you  
All for You...  
All for you...  
Long before the sand of time  
I was yours and you were mine  
Every star was made to shine  
Shine all for you  
Love will come and love will go away  
From the brightest color into shade of gray  
I will always be waiting for the day  
For the day...  
All for You...  
All for you...  
Long before the sand of time  
I was yours and you were mine  
Every star was made to shine  
Shine all for you
