

# Alex Gaudino, Is This Love (ft. Jordin Sparks)

Is this love?  
Is this love?

My thoughts keep drifting  
I can't keep my mind off you  
I stutter when I talk, stumble when I walk  
Is this what I should be feeling?  
Can't concentrate, can't hardly wait  
I wanna know, I wanna know

Is this love what I've been waiting for?  
Is this love gonna happen tonight?

Don't wanna waste no time if this ain't real  
Cause what I'm feeling is amazing  
Voted on a beautiful high  
Oh a high, on a high, on a high  
Wrapped up to you, I don't know what to do  
I wanna know, wanna know

Is this love really what we're living for?  
Is this love gonna happen tonight?  
Is this love what I've been waiting for?  
Is this love the love of my life?

I wanna feel the meaning of love,  
A message that's real, sent from above  
(Is this love?)  
Straight from the heart,  
(Is this love?)  
As real as the Sun  
(Is this love?)  
I'm waiting for love to come  
(Is this love?)  
(Is this love?)

Is this love really what we're living for?  
Is this love gonna happen tonight?  
Is this love what I've been waiting for?  
Is this love the love of my life?
