

Alex Lloyd, Sometimes

The traffic is jamming for miles up ahead
Releasing emotions deep in my head
I wish it was easy, easy to breathe
The words that we needed to get some relief
I still hear you crying, then I see you smiling
Even when I close my eyes
Sending a rescue, coming to find you
Do you think that we could save another day?
Try not to break down, walking the old ground
I don't want to throw the life we had away

Blocked up and cluttered, tired we stand
Alone together was just not the plan
Something undenying in the underlining
Even if I close my eyes
Sending a rescue, coming to find you
Do you think that we could save another day?
Try not to break down, walking the old ground
I don't want to throw the life we had away
