

Alex Sampson, WANT YOU!

I want you done taking up space in my head
I want your perfume off the sheets in my bed cause
Yeah yeah yeah I want you gone girl
Yeah yeah yeah I want you, want you

It's been like 6 months and I'm still not over you
Can't count on both hands all the times we swore we're through
Soon as I fixed my smile you pop up and kill my mood
So I'mma put a lock on it and make sure I'm heartbreak proof

If you feel like you miss me and wanna text me don't!
Just get in your car and run over your phone

I want you done taking up space in my head
Want your perfume off the sheets in my bed cause
Yeah yeah yeah I want you gone girl
Yeah yeah yeah I want you, I want you
I want you stop beating up my heart black and blue
I just wanna wanna wanna get over you
Yeah yeah I want you gone girl
Yeah yeah yeah I want you, I want you

I want you
I want you
I don't want to
But I want you, I want you

You only want me when you're feeling blue
And that's something that I wish you wouldn't do
I want my favourite sweater back and my Netflix password too
Cause I get emotion sickness from back and forth with you

I want you done taking up space in my head
I want your perfume off the sheets in my bed cause
Yeah yeah yeah I want you gone girl
Yeah yeah yeah I want you, want you
I want you stop beating up my heart black and blue
I just wanna wanna wanna get over you
Yeah yeah I want you gone girl
Yeah yeah yeah I want you, I want you

I want you
I want you
I don't want to
But I want you, I want you

If you feel like you miss me and wanna text me don't!
Just get in your car and run over your phone

I want you done taking up space in my head
I want your perfume off the sheets in my bed cause
Yeah yeah yeah I want you gone girl
Yeah yeah yeah I want you, want you
I want you stop beating up my heart black and blue
I just wanna wanna wanna get over you
Yeah yeah I want you gone girl
Yeah yeah yeah I want you, I want you

I want you
I want you
I don't want to
But I want you, I want you
I want you
I want you

I don't want to
But I want you, I want you
