## Alexa Vega, Game Over

Game Over. There are no rules in this game. Except win at any costs

The time has come once and for all u've met your match u will fall. This little game we play is gonna break us down. Only one of us can wear the crown its not as easy as u thought it'd be. When its down to you versus me

I play rough I don't need to try. you like to play mean, but the score never lies

Chorus: Game Over, Game Over Game Over, For Now.....

Winning the game's the only rule allowed no more good or cheers from the crowd wen the game began u never thought u'd lose, but your time is up, i play to bruise look around in fact u've lost ur team you tried your best but you ran out of steam

I play rough, I don't need to try. you like to play mean but the score never lies

you're all out of wishes kiss ur dreams goodbye the ends the same its not whether u win or lose its how u play the game

Game Over, Game Over Game Over, For Now.....
