Always Thinking Of You

From the first day we met

All my wishes came true

When I looked in your eyes

Now I realized

That I need so much more

But don't know what to do

With your love at the door

And my heart on the floor

Chorus:

I'm always thinking of you

Wondering what I can do

Don't turn back and walk out the door

I just can't say good-bye

I keep thinking of you

Repeat (1x)

All these days that have passed

Memories always last

Should I let you go

When my heart tells me no

You'll just stay in my mind

Baby, time after time

I'll be thinking of you

Each time I cry

Chorus (2x)

Oh baby, you know how it feels

Always thinking of you

Wanting you, holding you, touching you

Forever

Chorus (3x)

Baby don't break my heart

'Cause I'll run back to you
