

Alexia, Shake You Up

Everytime when I'm feeling blue
I look inside me and I remember you
Everytime when I'm feeling blue, I remember you
Some words in my mind
Talk about it all the time
Again and again
And they just make me cry
Oh baby, come on
Before you give up and go
Could you believe in love

Bad words and good times
In my mind don't survive
Again and again
And they just make me die
Oh baby, come on
Before you give up and go
Do you believe in love

Baby I wanna shake you up
Shake you up, shake you up
Do you wanna take my heart
Baby I wanna shake you up
Shake you up, shake you up
Take me up baby, give up

Baby I wanna shake you up

Come on baby, shake you up, all I want is another way
Baby I wanna shake you up
Oh my baby, shake you up, all I need is another say

Sometimes on my mind
I remember these times
Again and again
And they just tell me lies
Oh baby, come on
Before you give up and go
Could you believe in love?

Bad words and good times
In my mind they revive
Again and again
And they don't say goodbye
Oh baby, come on
Before you give up and go
Do you believe in love?

Everytime when I'm feeling blue
I look inside me and I remember you
Everytime when I'm feeling blue, I remember you

Everytime when I'm feeling blue
