

# Alexz Johnson feat. Shay, Waste My Time

Friends are telling me I lost my mind  
When I hooked up with you  
Maybe that's true  
Said that I'll wake up one day  
Asking what did I do  
Maybe that's true too  
When I'm with you everything's alright  
All I know is how I feel  
When you're with me  
Waste my time, waste my time  
Not so sure that I'll be yours  
And baby you could be mine  
It's all about hanging out  
Cause you know how to waste my time  
Nothing like an empty day  
With nowhere to be  
You're right there with me  
Laughing as the world goes by  
How we let the day  
Moving way too fast  
Cause when I'm with you I don't really care  
What they all want me to be  
I just want you beside me  
Waste my time, waste my time  
Not so sure that I'll be yours  
And baby you could be mine  
It's all about hanging out  
Cause you know how to waste my time  
Call me Shay on the M-I-C  
When you listenin' to me  
You be listenin' to b bumpin'  
To the rhythm they'll be given  
When we hit em with the beats on the streets  
Don't forget the way we livin', yo  
(Waste my time)  
You girl on the other side of the wall  
(Waste my time)  
I like the way you move your body, and if you fall  
(not so sure that I'll be yours)  
I'll be the one that's gonna catch you before you hit the ground  
(Baby you could be mine)  
I'm feeling your sound  
It's all about (yeah girl, it's all about)  
Hanging out (you know, we hanging out)  
Cause you know how to waste my time  
Waste my time (wasting my time)  
Waste my time (yeah, yeah)  
Not so sure that I'll be yours  
But baby you could be mine (you could be mine)  
It's all about (yeah girl, it's all about)  
Hanging out (we hanging out)  
Cause you know how to waste my time (wasting my time)  
Mmm, you know how to waste my time
