

Alexz Johnson, Golden

Wake up, wake up
Dont want to wake you
Oh, sun be to bright
So we can wake you
Oh sun, follow through
Follow through, Follow through
Sit up, could you
So I have made you
Oh rain fall to hard
So I can keep you
Oh rain, dont follow through
Follow through, dont follow
Youre golden, youre gold on to you
Youre golden, youre gold on to you
To me, theres gold in you
To me, theres gold in you
Sleep in, Sleep in
Dont want to wake you
Heart beat, dont beat to loud
I might just break you
Follow you, follow you, Follow you
Youre golden, youre gold on to you
Youre golden, youre gold on to you
To me, theres gold in you
To me, theres gold in you
Yep, theres gold in you
Youve got some gut in you
Youve got some gut in you
Youre golden, Youre golden
Youre golden, Youre golden
Youre golden, youre gold on to you
Youre golden, youre gold on to you
To me, theres gold in you
To me, theres gold is on you
