

Alexz Johnson, Live like music

I forgot what this is all about
Lost surrounded by a storm of doubt
And I, I make it so hard
And it's hard enough to keep it up
I can't give in
To what they want
And I'm not gonna
I wanna live like music
I wanna live like music
Songs about justice
Song about love
Songs about freedom
And never giving up
I wanna live like a music
I'm not so sure with who I am
Now it's gotten way outta hand
And I spread too thin
And it's hard enouth to zero in
On the herat of it
To soul of it
And now I know that
I wanna live like music
I wanna live like music
Songs about justice
Song about love
Songs about freedom
And never giving up
I wanna live like a music
Yeah, I'm gonna take it back
To the cafe bars
Show you what I got
With my guitar
Oh, and I'm not gonna hold anything back
Yeah, yeah, gonna strip it right down
Put it one the floor track
I wanna live like music
I wanna live like music
Pouring out the windows
Rolling down the street
Punching every station
Singing dirty and sweet
And never giving up
I wanna live like a music
Like a music
Like a music
