

Alexz Johnson, Love To Burn

Ooooooh mmmmm

I've seen you falling
In and out of things
Your heart heats up
Your heart gets cold
Lights up and yearns again

What's your story?
I don't want a flash of glory
Then the crash
The 'what was that?'
and 'why did i fall so fast?'

Slow down
We've got time
I need to know
That you're all mine

Have you got a love to burn?
Kisses for days?
Don't you wanna grab onto something real
And never let it get away?

I don't have a love to burn
Time to waste
Cuz I've waited far too long
For the spark to become a flame
And if it comes true
I only have a love to burn for you

I can live without you, happy by myself
But you get to me
You make me feel like there is no one else

What you doing?
Leaving hearts in ruins
Can't you see
For us to be
That just won't fly with me

Slow down
Let's get it right
Make it last
Let's start tonight

Have you've got a love to burn?
Kisses for days?
Don't you wanna grab onto something real
And never let it get away?

I don't have a love to burn
Time to waste
Cuz I've waited far too long
For the spark to become a flame
And if it comes true
I only have a love to burn for you

I'd see it through
If I was sure you'd feel this way for me
It's gotta be
Much more than anything we say or loved
To ever last

I need to it's not just touch and go
That you are here to stay
Here to stay
That you are here to stay

Mmmmm
Have you got love to burn?
Kisses for days?
Tonight we wont
let anything get
in our way

Have you've got a love to burn?
Kisses for days?
Don't you wanna grab onto something real
And never let it get away?

I don't have a love to burn
Time to waste
'Cause I've waited far too long
For the spark to become a flame
And if it comes true
I only have a love to burn for you
