Alexz Johnson, White Lines

I tried to tell you
I've got to get away
I tried to say
I need my space
I got to get some
Distance in between
My heart and my head

I'm on the razor's edge
I've been here before
I know the way

White lines
And headlights in my eyes
White lines
I'm ready to drive all night
White lines
How many 'till I'm in your arms
White lines
Will bring me home

I held you in
My arms last night
I dreamed we were
Riding on a star
I kissed you and
The sun began to shine
In dreams I can do anything

It seems like I'm on my own
It feels like I'm losing it all

White lines
And headlights in my eyes
White lines
I'm ready to drive all night
White lines
How many 'till I'm in your arms
White lines
Will bring me

Seems like I've been here before
I know the way
Seems like I've been on my own
So long
So long

White lines
And headlights in my eyes
White lines
I'm ready to drive all night
White lines
How many 'till I'm in your arms
White lines
Will bring me home
