

# Ali Gatie, Say to You

i don't know what to feel anymore  
what do you I have to do?  
I hate and love the rain  
but that's just how I feel about you  
some days you make me feel so happy  
some days I feel blue  
you still remind me of the rain  
that's why I fall for you

don't know what to say to you  
everything's ok to you  
lately you been switchin' off  
I can't even trust your love  
don't know what to say to you  
lately you been switchin' off  
I can't even trust your love

how you gon' love someone else?  
how'd you leave me by myself  
how'd you leave me all alone  
leave me all alone  
you used to be my home  
I can't veen lie  
want you by my side  
you left me empty anand it's something I can't hide  
everybody knows, that say that it shows  
they know I miss you so  
I wonder how you don't

i don't know what to feel anymore  
what do you I have to do?  
I hate and love the rain  
but that's just how I feel about you  
some days you make me feel so happy  
some days I feel blue  
you still remind me of the rain  
that's why I fall for you

don't know what to say to you  
everything's ok to you  
lately you been switchin' off  
I can't even trust your love  
don't know what to say to you  
lately you been switchin' off  
I can't even trust your love

I am trustin' what you told me and what you shnow me  
thought that we was homies, and that you know me  
didn't think you'd play me I thought you saved me  
you drove me crazy, you're still my baby  
after whant we've been through and all the problems  
I thought you would help me and we could stiop 'em  
didn't think you'd play me I thought you saved me  
you're still my baby, you drove me crazy

don't know what to say to you  
everything's ok to you  
lately you been switchin' off  
I can't even trust your love  
don't know what to say to you  
lately you been switchin' off  
I can't even trust your love
