

Ali Lohan, Groove Of Christmas

(*Chris Christian, Nigel George)

Let's get in the mood for Christmas

Lets get in the groove of Christmas

I cant wait its almost Christmas (A time so dear)

So much fun to wake up on Christmas

Time to celebrate its Christmas (spread love and cheer)

Gather round everyone Christmas is getting near

Its that time when loves in the air

Had to wait through the year for this time to be here

Its that time when everyone cares

Lets get in the groove of Christmas (Christmas time)

I cant wait its almost Christmas (a time so dear)

So much fun to wake on Christmas day (cause its that time)

Time to celebrate its Christmas (spread love and cheer)

Positive energy as we laugh cheerfully having fun with family and friends

(come on lets get in to it) Hanging lights on the tree

Hang a Santa Clause for me let the Christmas spirit begin

Lets get in the groove of Christmas (Christmas time)

I cant wait its almost Christmas (a time so dear)

So much fun to wake on Christmas day (cause its that time)

Time to celebrate its Christmas (spread love and cheer) on Christmas yeah

Come on lets get into it we've got to get into it

Lets get in the mood foe Christmas

Hanging the Christmas lights lets make ginger bread cookies tonight

Lets get in the mood for Christmas
