&lt;/lyrics&gt;  
Underneath the  
Dazzling light of the trees  
Soundly  
You are napping

A sweet, sweet, sweet  
Kiss is what I'll give you  
Your cheek, it will pinch your cheek  
And maybe be revitalizing

Love, like a poisonous mushroom  
With such a fabulous gaze  
Makes pains in my chest

All alone  
A feeling of abandonment  
Your sleeping face  
Seems somehow so very happy

Close, close  
Even if you're always close, I'm uneasy  
What sort what sort  
Of dream are you dreaming?

Love, just like a bubble  
Absentmindedly  
Popping in the spur of the moment

Mon amour fait la sieste.  
Mon amour fait la sieste.

A sweet, sweet, sweet  
Kiss is what I'll give you  
Where, where  
Are you right now?

Love, seems like a labyrinth  
By all means,  
There are paths I cannot follow

Mon amour fait la sieste.  
Mon amour fait la sieste.
