&lt;/lyrics&gt;

Pour and fill your chalice of gold  
Serve and pile your dishes of desire  
At the tip of silver knife, meat perform ballet

Break and hold in your mouth the bone of instinct  
Vomit and defecate your broth of greed  
Pure blood will dye your lips

Tasting with eyes first  
Euphoria from epiglottis to cerebellum  
Licking and slurping to the marrow  
This is the pleasure of living

Come now, let us share dinner together  
You shall love the gourmands  
You will become a slave of delicious odd things  
There is nothing in this world that cannot be eaten  
Be enchanted by body and heart  
You can sleep inside the flower  
Like the honeybee that is drowned

Hoist and offer a beautiful sacrificial boy  
Revere and extol the King of Giants  
All of humanity's sins are exempt in here

Mix and knead a drop of poison  
Cast aside and remove the sterilized tables  
Sense the truth at the bottom of the rotten smells

Acid indulgence you do not know yet  
Hidden in the coral is the body of radiance  
You are as beautiful as you were before  
Now, you are craving the thing of pleasure

Come now, let us share dinner together  
The gastronomy will become superior  
In congenital rare tongue  
Run out of words to describe this banquet  
Today, seek and wander about  
To a considerable degree  
Like the pitiful Count thirsty for blood

Aging, furthermore decaying  
Shameful is your love of your appetite  
Fill your mouth, eat all that you can  
This is the ecstasy of life

Come now, let us share dinner together  
Chosen gourmands  
You will become a slave of delicacy and gluttony  
There is nothing in the world that cannot be eaten  
Eat, drink, vomit, and excrete  
Cry, laugh, live, and die  
The result of the survival of the fittest experience  
It ends entirely with that

Please, this body is perishing  
Before accepting  
Leave behind what is inside the stomach
