==Translation==

&lt;/lyrics&gt;

Straddled in my white horse, I gallop through the darkness  
I am my father's enemy, attacking just like a fencer

I cannot stop in this world of uncertainty  
As purity and dirtiness live in the same place

Even only your eyes of your face  
Are dyed on the madder flower  
It won't ever disappear

&quot;Please accept me&quot;

I free my soul and offer the blood and roses  
Sublimely living in the words of the spirits

My heart is wandering, but it stops  
Please guide me to it

In the forest of gluttony, the wolf is starving  
I have searched for it, gambling my life over something that disappears

When I remember you, I speak hotly  
The truth exists in just one drop of my tears

The pledge of limiting that one night is  
The farewell gift of life is etched into my heart like a tattoo

&quot;Please forget me&quot;;

My soul is taking off and I offer death and a lily  
If I preciously fall, the divine wind will blow me up  
I cannot pass through the season of unhappiness  
Ah, please let me meet this body

&quot;Please, let me go&quot;;

I free my soul and offer the blood and roses  
Sublimely living in the words of the spirits  
For the sake of the lovely days  
Please guide me to them

For the sake of the lovely days  
Please guide me to them
